

# ITALO DISCO – SET 4

Thank you for purchasing this Italo Disco Set 4 VST instrument.

The Italo Disco Set 4 VST is not just a repackage of the Italo Disco VST instruments previously available from Beat Machine, but a massive overhaul. A nicer GUI with more features like LFO, Pitch and LP Filter are now included, plus there are many extra quality Italo sounds for you to use in your productions.

**NOTE: Please place the included fonts into you 'FONTS' folder on your computer. This will show the correct display like what is shown above.**

**To Install the VSTi: Place the entire folder into your VST plugins folder. When you then start your DAW, it will automatically be integrated within your setup.**

**For Logic and Sierra users, please download the installation guide which includes the OSX Validation Tool. It can be found on the VST instruments page of the Beat Machine website.**

I hope you enjoy this VSTi release.

We are always interested in hearing any productions where you use any of our instruments or samples. Send us a link to [info@beatmachine.co.uk](mailto:info@beatmachine.co.uk) or find us on Sound Cloud as Beat Machine Drum Sample Packs.

*Finally, may we ask you to **please not illegally share, duplicate or modify** this instrument in any way. Illegal distribution will only jeopardise future releases. Thank you.*

## PATCH LIST:
