

Thank you for purchasing this Korg 01w VST instrument.

The VST comes in 3 volumes which are purchased separately covering all of the sounds from the Program Bank. Set 1 has 64 patches, Set 2 has 65 patches and Set 3 has 67 patches.

The 01w which was Korg's new addition after the famous M1 has a flood of beautiful sounds which will inspire any composition.

The VSTs have GUIs which are simple to use so you can just get creating music quickly without hours of messing around.

NOTE: Please place the included fonts into your 'FONTS' folder on your computer. This will show the correct display like what is shown above.

To Install the VSTi: Place the entire folder into your VST plugins folder. When you then start your DAW, it will ask you for your serial number. Please input the number making sure not to copy any spaces at the end. It will then be automatically be integrated within your setup. Mac users, please see the website for more info.

I hope you enjoy this VSTi release.

We are always interested in hearing any productions where you use any of our instruments or samples. Send us a link to info@beatmachine.co.uk or find us on Sound Cloud as Beat Machine Drum Sample Packs.

*Finally, may we ask you to **please not illegally share, duplicate or modify** this instrument in any way. Illegal distribution will only jeopardise future releases. Thank you.*
