Thank you for purchasing this **MC303 Drum Rack** VST instrument.

The MC303 Drum Rack contains the complete 12 drum sets from the classic MC303 GrooveBox module.
Punchy and highly useable classic 90s drum & percussion samples all wrapped up in a simple interface so you can get programming your Dance, Techno, Rave & Hip Hop drum tracks immediately.
A simple but effective effects engine is now included. To add extra punch, try adding some drive to your drum tracks. Extra Rave sounds taken from the drum kits have been mapped so you can use them in your productions.

NOTE: Please place the included fonts into you 'FONTS' folder on your computer. This will show the correct display like what is shown above.
To Install the VSTi: Place the entire folder into your VST plugins folder. When you then start your DAW, it will automatically be integrated within your setup.

This instrument is now VST 3 ready and available for Mac users.

Here is a short video showing how to get up & running quickly in Windows. Further istall instructions for both Windows & Mac users are in the text file with your purchase...
